

Official Side Event of the

United Nations Bonn Climate Change Conference June 2019 (SB 50)

Thursday 27 June 2019, 11.30-13.00 World Conference Center Bonn,
Kaminzimmer

Getting everyone engaged in climate action

with culture, social innovation, value change & technology

The climate crisis requires a new mindset with everyone taking climate action. Unprecedented youth and civil society engagement is needed. The side event will gather different stakeholders joining forces on mass mobilization, low carbon lifestyle promotion and climate action empowerment. Personal Carbon budgets of two tonnes of carbon for everyone per person per year- no extras -ratcheting down everyone's use of carbon on a level playing field around the world.
